

Program	PN II, Program 4-Parteneriate in domeniile prioritare
Project Leader	National Research Development Institute for Animal Biology and Nutrition (IBNA) Balotesti
Project title (ENG):	Realization of poultry products using new recipes, structured on raw materials obtained in ecological conditions
Project title (RO):	Realizarea de produse avicole utilizând noi rețete, structurate pe materii prime obținute în condiții ecologice
Duration	2008-2011
Team Leader Partner 2	Senior Researcher Eng. Virgil Criste
Summary (short description) ENG	<p>The project aims are development and marketing authorization of recipes of compound feed and/or concentrated protein-vitamin-mineral structured on raw materials obtained in ecological conditions for getting ecological eggs and organic chicken meat.</p> <p>It were identified the risk factors and were evaluated the risks on food safety of poultry production chain. It was designed and developed the documentation for a food safety management system for obtaining safe poultry products throughout the production chain. It was implemented and evaluated the food safety management system customized for the producer of cereal and vegetable protein and the producer of eggs and chicken meat.</p>
Summary (short description) RO	<p>Proiectul urmareste elaborarea si autorizarea pentru comercializare de retete de nutreturi combinate si/sau de concentrate proteino-vitamino-minerale pe variante experimentale, structurate pe materii prime furajere obtinute in conditii ecologice, pentru obtinerea de oua de consum ecologice si de carne ecologica de pui.</p> <p>S-au identificat factorii de risc si s-au evaluat riscurile de siguranta a alimentului pe lantul de productie a produselor avicole. S-a proiectat si elaborat documentatia unui sistem de management al sigurantei alimentului pentru obtinerea de produse avicole sigure pe intreg lantul de productie. S-a implementat si evaluat sistemul de management al sigurantei alimentului particularizat pentru producatorul de de cereale si proteice vegetale si la producatorul de oua si carne de pui.</p>
